

DISPLAY CARE

MANAGEMENT SERVICES

Comprehensive Portable & Modular Display System Coverage

Productive Displays & Graphics, Incorporated is pleased to announce an expanded service offering which provides comprehensive display and event care management services . Two levels of service are available driven by our customer's support needs.

ACTIVITY	SILVER	GOLD
SHOW PREPARATION	PDI will assist your designated company contact in preparing upcoming trade show forms (e.g., contractor approval forms, electrical requirements, case weights).	PDI will prepare the required trade show forms and coordinate with the trade show services contacts and general contractors.
SHIPPING	PDI will recommend shipping carriers and arrange for direct billing to your designated account to minimize costs.	PDI will negotiate and contract with approved carriers. Option 1: Invoice comes to PDI for review than forwarded to client for payment. Option 2: PDI will review and pay carrier.
INSTALLATION & DISMANTLE SERVICES (I & D)	PDI will recommend preferred I & D Services partners for each venue. We will also provide set-up drawings to the selected I&D Service partner for their use at the trade show.	PDI will source, negotiate and contract with the I & D house on your behalf for each trade show. PDI recommends direct billing using your designated account to minimize charges.
STORAGE	Productive Displays (PDI) will store your display system and graphics at our climate-controlled facility.	
"DISPLAY CHECK"	Following each show, we will receive and inspect your display system, report any damages and needed repairs and repack the display in advance of the next show.	
DISPLAY ACCESS	You will have access to the display system by contacting the PDI Display Care Coordinator.
